Work Description:

UPDATED 3/29/2018

As a Nazarene campground, we always have a number of projects in process, including many general maintenance projects. Several vehicles on camp need repairs--one needs engine rebuilt. We can use any volunteers that are available. We will do our best to assign work tasks for them that fit their skills. Some painting and cleaning projects are always available.

NOTE: We have an opening for a volunteer couple that would like to spend the summer with us in Georgia. There would be some light repair work and helping with cleaning between events. If they are up for it there would possibly be some kitchen/dining hall work also.

Team Members:

Short-term housing may be available with advance notice.
