

Salyer Lake

Alan and Glenda Miner

We worked at Salyer Lake in Oklahoma this spring and really enjoyed our experience. Dan and Trecia Church were wonderful mentors for us as it was our first ROAM experience. Looking forward to serving again.

Salyer Lake

Bill and Kathy Mark

Bill and Kathy were quite busy in June at Salyer Lake. Bill and a group of volunteers completed over 50 bunk beds which included sanding, clear coating, and assembling them for the dorm to be ready for guests by mid-July.

Kathy and other volunteers worked on cleaning the new dorm. The rat snake that previously inhabited the dorm was, of course, relocated.

Thankfully all was set for the guests. God is so good! Life is exciting here, and Bill enjoys the fishing while Kathy enjoys the flowers and relaxing! Salyer Lake is a great place to visit. Much is happening here!
