

Smith Mills Camp

Tim and Sue Young

We spent the month of July at Smith Mills Camp in Dartmouth MA. What a wonderful experience! We were the first ROAM volunteers to visit the camp. The people were very appreciative and kind.

We were able to accomplish a number of projects including general cleanup, mowing, kitchen remodel, door replacement, and painting. The area is amazing with so much to see and do. The fresh seafood is over the top!

We really encourage other ROAMers to put this one on your list.
